

- 1 Locate the title in the Library's catalog:
<http://mountainview.gov/library>
- 2 Access the eBook from the Library's website by clicking: **→ enki Library: E-Book - check for available copies.**
- 3 **Checkout** the eBook by clicking **Checkout** and entering your **library card number** and **PIN number**.
- 4 To access and read the eBook online, go to **My Account** in the top right corner. Choose **Read Online** to read the eBook in your Internet browser.

Downloading to a Computer

- 1 Confirm your computer has an application that can open EPUB files. Typically, this is **Adobe Digital Editions**.
*If you do not have Adobe Digital Editions (ADE), it must be installed on your computer in order to download and read Enki eBooks. Visit the **Help** section on <http://help.enkilibrary.org> for links to download ADE. You will be required to set-up an Adobe ID.*
- 2 Once you have Adobe Digital Editions installed on your computer, return to the Enki website, **<http://mvpl.enkilibrary.org>**.
- 3 Log in and go to **My Account**. Click **Download** next to the eBook.

- 1 Confirm that your tablet/smartphone has an app that supports EPUB files. Recommended apps: **iBooks** or **OverDrive**

iBooks: Available on iOS devices only. Comes preloaded on Apple devices.

OverDrive*: Available on iOS, Android and Kindle devices. Preferred app.

- 2 Go to <http://mvpl.enkilibrary.org> on your smartphone or tablet's Internet browser.
- 3 Under each title's details, you will see an option to **Checkout**. Click the **Checkout** button to checkout the item with your library card number and PIN.
- 4 After checking out the title, go to **My Account**.
- 5 Choose **Download** under the title information. A dialog box or window will open asking you which app you would like to download the book to. Choose **OverDrive**.
Apple devices will automatically download to iBooks.

Your OverDrive app must be authorized to read EPUB files. To do this, first set up an OverDrive account. Open the OverDrive app, go to the **Menu and choose **Account**. From there, you can **Sign Up** for an OverDrive account. Once your account has been created, go to **Menu**, then **Settings** and **Adobe ID**. Tap **Authorize** to authorize the device.*
